

## project brief

**TYPE OF FACILITY:**  
Chemical Plant

### DuPont

Reverse Osmosis

■ Victoria, Texas

DuPont built a reverse osmosis water plant in Victoria, Texas. For ease of maintenance and filter change-outs, a Victaulic grooved stainless steel piping system was utilized.

**MARKET:**

Industrial Chemical

**VICTAULIC SOLUTIONS:**

Ease of maintenance and filter change outs

**OWNER:**

DuPont

**ENGINEER/CONSULTANT:**

DuPont

**COMPLETED DATE:**

1996

**SPECIFICATIONS:**

SERVICES:	PIPE MATERIALS:	PIPE SIZE RANGE:
Reverse Osmosis Water	Stainless Steel	4" – 12" (114,3 mm – 323,9 mm)
