

project brief

TYPE OF FACILITY:
Plant

Bandmill Prep Plant

■ Logan, West Virginia

The Bandmill Prep Plant in Logan, West Virginia needed to install 8" (219,1 mm) size plug valves on their slurry piping lines.

The contractor and engineer chose Victaulic Series 365 AWWA Vic-Plug valves for easier operation, better flow and quarter turn shutoff.

MARKET:
Mining

VICTAULIC SOLUTIONS:
Easier operator, better flow, quarter turn shut off.
